

2023 Assessment Calendar: South and West Suburbs

As townships are certified by the Board of Review for the 2023 assessment calendar below, they will be noted in the "Pass" column. Only rows with the words "BOR Final" are currently available on the CCAO website and data subscription service.

Once assessment rolls are certified, the information is made available online and to all offices of the Cook County property tax system. By law, the assessment roll must also be published in a print newspaper. The "published" date refers to when the information will be available in the newspaper.
